 Workshop Application

On behalf of M.E.Ch.A de Santa Rosa and Sonoma State, we are glad to announce that this year's M.E.Ch.A Youth Conference will be held at Sonoma State University. Our theme is, "My Roots Strengthen Who I Will Become". We hope that our theme will encourage our students to learn more about their culture and history, and in doing so, feel a sense of pride on who they are. A process, we believe and have personally experienced, that helped us become stronger individuals and better community members.

Therefore, we are looking to provide our students with workshops that are educational or cultural that are relevant to our theme. Please fill out the following sections below and return them back as soon as possible. Unfortunately, we are only able to provide sufficient space for 20 work-shops and are only able to accept those that are closely related to the theme and those who sign up by April 16th. Smart classroom are limited and it's on a first come first serve basis. Thank you.
